

## Technical Data Sheet

# ELECTRICAL KETTLE

## H-1208

Product Name	ELECTRICAL KETTLE
Features	Accurate temperature control sensor for even heating. On/off indicator light. Automatic shut-off system when temperature is reached. Dry burn protection system for added safety in the event of a water shortage inside the boiler. Burn proof outer surface and safety lock 360° rotating base for greater user comfort. Fast temperature rise and reduced heat loss for improved efficiency and energy saving.
Model code	H-1208
Colour	Steel
Material	Stainless steel 304 inner wall
Product size	diameter of the base cm. 15,5 – Height cm. 20,5
Nominal capacity	0,80 L
Power	1000-1200W
Voltage/Frequency	220V-240V 50Hz-60Hz
Cable length	1m
